2. LIFE INSURANCE IN INDIA

In India, insurance business started 150 years ago. With the establishment of the Oriental Life insurance company in Calcutta, the business of life insurance in India was started in 1818. It was started by Mr Bipin Behari Dasgupta and Europeans living in India were their primary customers. The first native insurance provider in India was formed in 1870 with the name Bombay Mutual Life Assurance Society. In 1938, Insurance Act was passed and department of insurance under the authority of superintendent of Insurance was established for the administration of the Insurance Act. In 1939 – 1955 uncover absence of trust which was the foundation of life insurance business and nationalization got vital. LIC of India was formed in 1956 by an Act of parliament and is fully owned by Government of India. As on till date there are total 24 Life Insurance Companies in India. Life Insurance Corporation of India, ICICI Prudential Life Insurance Company, Bajaj Allianz Life Insurance Company, and HDFC Life Insurance Company Etc., are the few names of Public sector and Private sector companies. [6]

Life insurance is mainly taken for two objectives, first is for risk coverage and second is for the investment objective.

i) Risk coverage: - Lump sum payment is provided if specific event occurred.

ii) Investment: -Money is invested with a motive of getting greater return.

Primary purpose of any insurance service is to provide risk against uncertainty. For this risk management, policy holder regularly pays insurance premium to the insurance providing company. However, the risk is intangible and seldom is the need for a risk coverage felt by an individual customer, therefore an extra effort needed to make the customer understand the need for insurance.
