ABSTRACT

This article is based on an attempt to introduce and study a new-found manuscript containing four Hadith books: "Tohfa-al-seddigh, Fasl-al-khetab, Ons-al-lohfân, Matlubon-kolle-taleb." These four Hadith books include Hadiths of the first four caliphs, interpreted by Rashid al-din Vatvat; distinguished writer of sixth century in Khwarazmshahian court. The remarks of two hadith books (Fasl-al-khetab and Matlubon–kolle-taleb) are also changed into persian poem. With a thematic point of view, some scribes have collected these four Hadith books into one book and named it: "Remarks of the four Chosen fellows" or "Hundred remarks of the four prophets fellows". This manuscript is written in Naskh in the same style by Taher.

2. COPY CONTENT

Remarks collected in four papers including ethical, spiritual, social, and self-knowledge that the article begins and ends this way:

1. Paper "gift Alsdyq" the first word begins with these words: "Industry Almrvf MT MsrAls\v" (good deeds than bad fall, prevent) and the hundredth word ends with these words: Astghfr God and insoles to Myna and trust in God and insoles to Vkyla Ali.

2. Paper "final word" in the first word begins with these words: "Tf\qhv ago Tsvdv '(Science teaching before they get married) and the hundredth word ends with the words: I do not Snth economy Phi PhiBdhijihad ( moderation in St. leaps in innovation is better).

3. MORPHOLOGICAL CHARACTERISTICS EDITION

The paper: The current version of the positions identified therein, including all four of the dissertation is based on how the order is Tdvynshan. As Nsakh other way, this version is also on the Caliphs caliphat set. So that the article "Tohfat Alsdyq" (which is the sayings of Abu Bakr) and then "My final word word of Umar Ibin al-Khattab", then "Anas Othman bin AffanAllhfan My Word" and the "desirability of seeking My words of Ali Ibin Abi Talib "is written.

The introduction of Rashid al-Din Vtvat Rsalh-Ha scribe has written over them, and manipulating sentences Vtvat has to quote his own words.

First and last: so that the review essays suggests, this version does not have the first and last pages of "I and the end of the old book has fallen." The paper "Tohfat Alsdyq", introduction and part of 'al-Awwal the word "no. The description of the "First Word", begins with these words: "... psychotherapy. Than any Nk think about and ultimately end Nzrh "...

Finally, the paper "Overall good Taliban" in Middle Persian words ninety-ninth as this might result in withdrawal: "... it would be wise to speak argues, first in the hearts "...

Number of pages: 304 pages This version is generally 1 to 69 so that the page treatise "Thfhalsdyq" from page 70 to 157 monograph "final word" written.

Line layout: the entire book is written in naskh. Scribe the arts and their tastes, pages with red lining and black, border layout, then the Arabic, Persian and the number of words translated by the blonde, is different. To write a word, the number of words written in red and black colors with a bold statement to the Arabic hadith has abrogated. After the words
translate" the number of words written in red and the font size, and in the end, as the final words of the poem was written in black pen fine.

Introduction of paper with a small brush and black text but the word "Allah", "Mohammed" and the original Words (like "Ali" and "Overall good Taliban") in place of the text that is written in red An overview of the diagnosis booklet helps.

History Scribe and Scribe: In the paper "Toḥfat Alsdyq" written: "... the time lunch was over on Saturday, the tenth of the month of Shawwal on Shryn duodenum and Tsmah Abdel line Alzyf, Makhdoom, Tahir Ata UllahBahad ... "and other similar Rsalh-Hay completion of 922 years of recorded history.
